
About the video

Posted by shannorox - 2008/05/10 18:48

Hi,
When I play the video, it is paused all the time. It will take long time to load the entire video. Is it normal? Any idea how to improve?

thanks

Shannorox

Hey Shannorox,

Some people have that same issue when viewing videos on Youtube etc... What browser are you using and do you have the latest adobe flash player installed?

Rick
