
Music Reading Exercises

Posted by panziniman - 2009/03/05 05:11

Hi all!!

I'm interested in suggestions and/or exercises to practice music reading for guitar (from simple to advanced).

Thanks a million in advance.

I would recommend "a modern method for guitar" volume 1.

It comes with a dvd with 14 hours of music reading instruction. However, i personally dont think it covers rhythm notation in depth. Great book though
